IKE SAYS HE'S WILLING

But Hints He May Impose 'Factors' GOP May Not Like

By MERRIMAN SMITH
United Press White House Writer

WASHINGTON (UP) — President Eisenhower said today he would be willing to run for reelection.

The chief executive told a record-breaking news conference, however, that there were a number of factors bearing on his decision which he would explain tonight to the American people in a radio and television appearance. He will be on all networks at 7 p.m., PST.

The President, ending a long period of political tension following his heart attack of last Sept. 24, told reporters:

"MY ANSWER WILL be positive, that is affirmative."

Mr. Eisenhower said he was not certain that the Republican convention at San Francisco in August would want to nominate him after he outlines the various factors involved in his willingness to run again.

He said he wanted all of these factors to be thoroughly understood by the American people and by participants in the nominating convention.

He declined to say whether he would want Vice President Richard M. Nixon as his running mate again, although he reiterated his high admiration for Nixon.

Mr. Eisenhower said he would have to wait to see who the Republican Convention nominated for President. Then, he said, would be the time to discuss the vice presidency.

THE PRESIDENT CONFIRMED, as reported by the United Press, that his decision was a last minute matter.

He said he was still arguing with himself about the answer yesterday morning. During last night he confided in about six people, he said.

Among the factors, bearing on his obviously qualified willingness to run, and to be explored at length in his talk to the nation tonight, are the current state of his health and the type of campaign he would be willing to undertake.

The President's disclosure came in a tense and dramatic news conference which attracted a record crowd of 311 reporters and photographers.

Sharply at 10:31 a.m., the President entered the room, invited the reporters to sit down and began a series of announcements having nothing to do with the big question.

He talked with feeling about the necessity of public support of the new Red Cross fund campaign. He had nice words for the visiting Italian President, Giovanni Gronchi.

At 10:35, the President took up two bills pending in Congress, urging speedy positive action on the administration farm bill and the Upper Colorado Basin development.

IT WAS 10:38 when the President said quite calmly that his next announcement involved something more personal.

He recalled his promise that when he reached a decision about his own personal future, he would let the reporters know.

He then said he had reached such a decision, but found that there were so many factors involved that his answer could not be expressed in a simple yes or no.

A fuller explanation to the American people was necessary. Furthermore, he would not go before the people or allow his name to go before the Republican Conven-

tion until all concerned knew exactly who they were nominating and the many factors entering his life.

IT WAS AT THIS tense point that he said he did not know for certain that the Republican Convention would want him after his speech tonight.

Then he said he was asking the networks for television and radio time tonight to explain his position in detail.

Quickly, the outwardly placid chief executive said he did not intend to have his decision a subject for further conversations in the press conference.

Asked to discuss how he felt about his present state of health, the President said he would go into that tonight.

Mr. Eisenhower was asked about the reaction of Mrs. Eisenhower to his decision. He said she and other members of his family had said from the beginning that it was his decision to make and they would conform with whatever he decided to do.

The President appeared quite thoughtful as a reporter asked how he expected the issue of his health to come up in the campaign this fall.

Mr. Eisenhower said he would try to be as truthful as he could about his condition. While some of his political enemies might regard him as stupid, he thought they believed he was honest.

ASKED GENERALLY what he thought the campaign issues between the Republicans and Democrats would be, Mr. Eisenhower said with deep conviction that he had a record established before the American people and this record would be his campaign.

Giving some background of how he arrived at his decision, he said he had consulted everybody he thought was a friend and some of whom he was not so sure.

He said he discussed his political future as recently as

President Goes on Radio, TV Tonight to Explain Decision

yesterday morning with Nixon. But in another part of the conference, he said he had not discussed the vice presidency for this year.

He pointed out that no one could have known his decision before last night because he did not know it himself.

HOW HE HAD FELT about running again before he suffered his heart attack? The President said that was one secret he would not disclose until possibly 25 years after his death in publication or release of his private papers.

Mr. Eisenhower, again in response to an inquiry, said he thought any Republican who would like to take on the job of President certainly should have his chance to work and campaign for it as energetically as possible. The question prompting this was whether the chief executive wanted competition for the nomination.

He said he had been too busy with his own decision to consider whether he should give consent to entering his name in the spring Presidential preferential primaries in Wisconsin and California.

Nixon's name came up a third time in the conference when the President was asked what he thought of the vice president's characterization of Earl Warren as a "Republican" Chief Justice of the United States.

Mr. Eisenhower replied crisply that he was not going to comment on Nixon's comment, but that once a man enters the Supreme Court he is an American citizen and nothing else. He added that he would not admit that a member of the court had a political designation.

2 Held in Check-Kiting Scheme Here

Builders Accused Of Defrauding Two Village Banks

Two Twentynine Palms house builders face arraignment tomorrow on charges they bilked two Palm Springs banks and an El Monte bank of nearly \$1700 with a week-long bad check scheme usually used by professional crooks.

According to Sgt. Ted Greene of the Palm Springs police, suspicion Monday by the Palm Springs Citizens National Bank led to the arrest of Charles R. St. Clair Jr. 28, and the subsequent arrest of Douglas A. Abbott, 32.

Arrested with Abbott, and charged with vagrancy was James Rose, 26 unemployed waiter. Rose admitted he was following Abbott in an attempt to "roll" him. Greene said St. Clair and Abbott are partners.

On Feb. 22, St. Clair opened an account at the Citizens bank with \$10 cash under a fictitious name.

Next day he returned with a \$750 check, written by Abbott and made out to the false name. He deposited that, then withdrew \$350 in cash on the strength of it. Simultaneously Abbott opened an account with a \$20 bill at the Bank of America here.

On Feb. 24 the men returned to the respective banks and St. Clair withdrew \$360 in cash, while Abbott deposited a \$750 check and withdrew \$330. St. Clair's withdrawal aroused suspicion.

Monday the men returned for another try. St. Clair had a \$650 check, and asked for \$300, but got Sgt. Greene instead.

Questioning revealed that Abbott was the other man in the scheme, and at that time had made a \$360 withdrawal at the Bank of America.

Police watched his car, and when they picked him up, also caught Rose, who had a \$50 bill Abbott gave him.

Further interrogation showed the pair had driven to El Monte Wednesday, deposited a \$750 bad check and withdrew \$300 cash.

Building Here Tops Million Mark Again

Month's Permits Of \$1,022,850 Puts '56 Total At \$2,060,650

Palm Springs building permits passed the million dollar mark for the second consecutive month during February, Jack Sanders, building inspector, announced today.

Total value of permits issued was \$1,022,850 which, combined with the January figure puts the total for 1956 at \$2,060,650. Total value at this time last year was \$1,400,925.

New home construction again led the valuation, accounting for \$635,500 or more than half of the total. Thirty-six of the 84 permits were issued for dwellings.

Other permits issued were: Ten dwelling additions and alterations, \$17,550; seven apartments, 36 units, \$178,000; one apartment addition, \$150; 12 swimming pools, \$46,000; 10 trailer ramadas and cabanas, \$27,800; two new commercial, \$69,000; two commercial additions, \$1,050; three warehouse additions, \$6,800; one steel reservoir, \$21,000.

GOP 'High Pressure,' Cries Butler

Democrats' Chairman Says U.S. Needs 'Full-Time' President

By UNITED PRESS

Republicans throughout the nation today welcomed President Eisenhower's statement that he would be willing to run for reelection.

Some Democrats also cheered the news that the President's health was such he would be able to remain in politics.

But Paul M. Butler, Democratic national chairman said: "The American people will never elect a President who, at 65, has had a serious heart attack and who is unable to be a full time chief executive . . ."

"Republican leaders have high pressured Mr. Eisenhower into this decision without regard to the possible consequences to him, his family or the public . . . The uncertainties of his future health are bound to . . . dominate the campaign and tend to obliterate discussion and consideration of the great issues . . . Our country needs a full time President . . ."

Red Cross Kickoff is Tomorrow

Kickoff breakfast for the 1956 Red Cross Drive in Palm Springs will be held at 9 a.m. tomorrow, Thursday, in the Redwood Room of the Palm Springs Billmore.

All workers are urged to attend, and be ready to start canvassing their assigned districts.

The quota for this year is \$18,000, according to Mrs. Burnham Bigelow, general chairman. Advance gift letters have already been mailed, and returns are starting to come in, Fred Ingram, chairman, reported.

The residential solicitors are under the direction of Mrs. August G. Kettmann, and it is hoped that they will complete their assigned areas after the breakfast tomorrow.

Industrial Stocks Hit New High

NEW YORK (UP) — Industrial stocks reached a new record high on average today when President Eisenhower said he would be willing to run again.

Unofficial calculation of the Dow Jones averages showed the industrials at 489.47 at 11:30 a.m. That topped the previous record set Dec. 30 at 488.40 by 1.07 points. It was up 3.76 points from yesterday's close.

Floor prices showed General Motors at 45½ up ½; Santa Fe 146½ up ¼; Allied Chemical 114¼ up 1¼; U.S. Steel 57½ up ½; International Paper 120¼ up 1; Du Pont 228½ up 1¼; Standard of Jersey 156¼ up 1½.

'Leap-Yearettes' Take Over Illinois Town But Run Into Wrath of Mayor

AURORA, Ill. (UP) — The girls took over Aurora on Leap Year Day today and levied fines on any male found guilty of being single.

But Aurora's he-man Mayor Paul Egan refused to step out of the picture. He insisted that he is running the Leap Year Day observance and fired the all-female committee in charge.

Under the Egan-appointed slate, Aurora's single girls turned out in force to trap the town bachelors. The battle between the sexes started last night, when 128 confessed bachelors gave themselves up before "police magistrate" Barbara Stull in City Hall.

They paid fines totalling \$282, which will be appropriately donated to the Heart Fund to combat heart disease.

A force of 20 "copperettes" set out today to snare the rest of Aurora's single men.

Suspect Enters Not Guilty Plea to Attempted Murder

Harl Clinton, 30-year-old Palm Springs gardener, yesterday was bound over to a preliminary hearing set for next Tuesday after he entered a plea of not guilty to allegations that he intended to murder L. D. Hunt in a Saturday night knife fight.

Clinton, presently in custody at Palm Springs police station, is accused of wielding a pocket knife Saturday night following a gambling disagreement at the home of Leander MacWilliams, 275 Calle Santa Rosa.

Democratic Club to Meet Prior to Council Choice

Palm Springs Area Democratic Club will meet at 8 p. m., Thursday, at the Veterans of Foreign Wars hall to discuss the endorsement of candidates at the County Council meeting next Sunday.

The Council is scheduled to meet at the Ranch Club at noon Sunday, to officially name candidates to be backed by the county organization for Congress, State Senate and Assembly.

Reservations for the luncheon may be made through Herb Hass, president of the local club, by calling 6742 evenings.

All candidates are expected to be present for the luncheon, and for the business session which will follow.

Individuals who receive the endorsement of the County Council are most likely to receive the party's nomination in the June primary, according to Hass. Therefore, all persons interested should attend the meeting, he said.

Speed Termed Major Factor in Accidents

Speed, violations of the right-of-way and drunk driving led the list of deadly traffic violations causing accidents in California during 1955 according to preliminary figures released recently by the desert area office of the California Highway Patrol.

"The preliminary figures show that over half of our fatal and injury accidents were caused by one of the three violations," it was reported. "Following closely behind the deadly three were violations involving improper turns, driving on the wrong side of the road, following too closely and improper passing."

In an effort to stop accidents the Patrol issued citations for 778,014 traffic violations during the year," the CHP said. "A lot of self-policing with stricter adherence to the traffic rules and regulations is necessary if we are to substantially reduce our traffic toll."

"Traffic violators will continue to be cited when observed but every driver and pedestrian must take charge of their own actions in traffic. The best way is to obey the rules and stay alive. Don't let a traffic violation kill you."

According to Capt. O. O. Johnson, about 25 men were gathered for an evening of gambling at the MacWilliams home when the altercation ended a dice game.

Johnson said Sgt. John Herrera was patrolling Calle Santa Rosa when a pickup truck sped past him. On stopping the truck, Herrera found that Hunt, a 20-year-old laborer of 340 South El Segundo, was being taken to the hospital.

He was found to have a serious slash in his stomach, but was able to identify Clinton before succumbing to unconsciousness.

Clinton was discovered being treated at a private office for a knife slash in his cheek and a cut on top of his forehead made by a bottle.

Johnson said Clinton, of 768, Beach Street, is being represented by attorney David McGahey and is in custody in lieu of posting \$1500 bond.

At preliminary hearings, the case will either be dropped, or the suspect will be bound over to Superior Court for trial.

Seniors Eligible to Benefit by '55 Reserve Act

A quota of young men between the ages of 17 and 18½ in Southern California are entitled to draft exemption this year under the new Reserve Forces Act of 1955, according to Major William G. Peacock, 70444 Suany Lane, Cathedral City.

Major Peacock, a member of the 311th Logistical Command, largest headquarters reserve unit in the nation, has been given the assignment of explaining to male high school seniors and their parents in the Palm Springs area the advantages of the new program.

"Every high school senior," Peacock said, "should be aware of the fact that he may soon become draft exempt under the new law. He may pick the military job which parallels his choice of a civilian career, serve only six months active duty—not regular army—upon high school graduation, then enter college or business without further interruption for the rest of his life."

They then perform their remaining service in the reserve.

Major Peacock is available for further information on any phase of the new program, and may be contacted by calling Palm Springs 85047 evenings, or by writing him at Box 99, Palm Springs.

SAM JANIS SAYS:

FRIENDS, BUSINESS PEOPLE AND EVERYONE INTERESTED IN THE BUSINESS ESTABLISHMENTS OF PALM SPRINGS —

On February 17 last, an auction was held on Kenny's Koffee Kup of 1107 N. Palm Canyon Drive. The successful bidder as you may have heard from later reports was Sam Janis of J & S Paving.

I want to tell you that I entered this bid on behalf of Mr. Bob Kokolj of Los Angeles, who is moving here with his wife and child to live. Mr. Kokolj will be the sole owner and operator of the Koffee Kup. Any interest of myself or J & S Paving Co. is of a purely personal nature.

Mr. Bob Kokolj was formerly a native of Yugoslavia. His youth there was personally affected by the Communistic regime which annihilated his brother and father and against which he fought in Germany, Italy, and Africa.

He came to this country in 1951. In his five years here he has learned our language, became an expert restaurant operator, acquired a wife (my sister), and is the father of a darling baby girl.

My wife and I feel he will be a credit to our community and we hope our friends and business associates will join with us in wishing him luck in this new venture.

PALM SPRINGS CALIFORNIA

"It's An Ill Winter..."

It is bad manners to gloat. Nevertheless Palm Springs may be pardoned a bit of exultation this year over its climatic experience as compared to the rest of the country's.

Unperturbed and cozy in the warmth of its desert and the shadow of its mountains has lain this resort region while virtually every state in the union—even to touted Florida—has writhed in one of the harshest winters on recent record.

After year's end there was scarcely a week the news wires did not tell of snow, sleet, slush, tornado, blizzard, avalanche or flood. Nationwide there came stories of stranded trains, snow-bound buses, ice-bound traffic, flood-closed highways.

Everywhere, that is, but balmy Palm Springs and environs. From this vantage it seemed every other section was under winter's conspiracy to keep mankind from remaining upright and transport from moving.

Nor was it different in Europe, where winter's grasp reached from the Arctic Circle to the tip of Italy with paralyzing cold. Not even the famed spas escaped.

Indeed, perhaps a survey would show that the Desert Empire was the only well-populated, accessible region in the Northern Hemisphere to escape serious discomfort this year. If so, it is a point well worth shouting from the earth's housetops. What other region can now offer the nation's winter vacationers—especially those desiring permanent winter homes—the guarantee of gorgeous weather this winter has placed in the Villager's hands?

It was to Palm Springs' benefit that there were numerous warnings this season. As early as last September, some

reputable forecasters were predicting a severe winter. And for those who liked to get their weather signs from nature or superstitious, even the Adirondack Mountains' woolly-bears—the caterpillars whose color bands are supposed to foretell the severity of each coming winter—said unmistakably last August this winter was to be a humdinger. Hence Palm Springs is eligible to claim that those travelers who saw and failed to hie hereward, have only themselves to blame. That may be one reason the Village of late has bulged with the influx of convinced visitors. And it may be taken for granted they will spread the good news to their neighbors at home.

The fact is, this community can now be virtually proved to insure its guests ideal weather throughout each winter—something to be consistently and shrewdly heralded by Village organizations of all kinds.

But this virtue need not be told alone. Though thermometers may register blistering temperatures through summers, let it be known they are not to be compared in discomfort with, say, a sweltering humid 90 degrees in most cities. And as the future of better, cheaper air conditioning is foretold by such authorities as RCA's General Sarnoff, let the world know too that Palm Springs is the nation's blossoming year-round resort, with comfort invariably guaranteed by nature or mechanics.

Thereafter, one final step remains: Establishment of Palm Springs as a regular stop on the country's principal transcontinental airlines.

It is a one-two-three publicity program the Village could well and profitably undertake with all its resources. M.L.H.

Those X - - FPICEDRA Clubs

We are in receipt of a document—that will be cast, even should Ike not quite persuasive, too—from Upper Bernardston Road, Greenfield, Mass. Actually it is a broadside, aimed at anyone interested in politics, or in going to the polls come November.

It is from the CAHFICEDRA Club, which is a thumbnail abbreviation for its full name: The Christian A. Herter-For-President-In-Case-Eisenhower Doesn't-Run-Again Club. In short, the Upper Bernardston Road Chapter of the CAHFICEDRA Club beseeches communities everywhere to form other CAHFICEDRA Clubs.

Mr. Herter, in case you are a political uninitiate, is Governor of Massachusetts, a former Congressman, and interested in getting the GOP nomination for president. The missive asserts flatly that "Chris" is a "wonderful guy" and suggests folks talk up his candidacy—should Ike not run.

We would hesitate long before presuming to question the accuracy of this reach to the grassroots. What puzzles us mainly is the length of the reach—and perhaps the efficacy of it.

In the first place it is numerous miles from Massachusetts to Southern California. And presumably there is not a decisive number of votes in Palm Springs

In the second place, if California does not already have a . . . FPICEDRA Club, it has the makings of one so willing that it will no doubt spring into being overnight any night Ike decides not to run. That would be the William A. Knowland For-President-In-Case-Eisenhower Doesn't-Run-Again Club. Or WAKFICEDRA Club for short.

Mr. Knowland, a California product, is fully as willing and available as Mr. Herter. And he too has his backers—backers who perhaps would be just as eager to reach to the transcontinental grassroots.

Probably the only reason the WAKFICEDRA Club hasn't been formed already is that it would be a little difficult to later change its incorporation papers to the William A. Knowland-For-President-Now-That-Eisenhower-Ain't-Running Club.

But in either case, good luck to both the east and the west coast chapters, and pity the headline writers in between. M.L.H.

Renewal of Faith
(Britt, Iowa, News-Tribune)

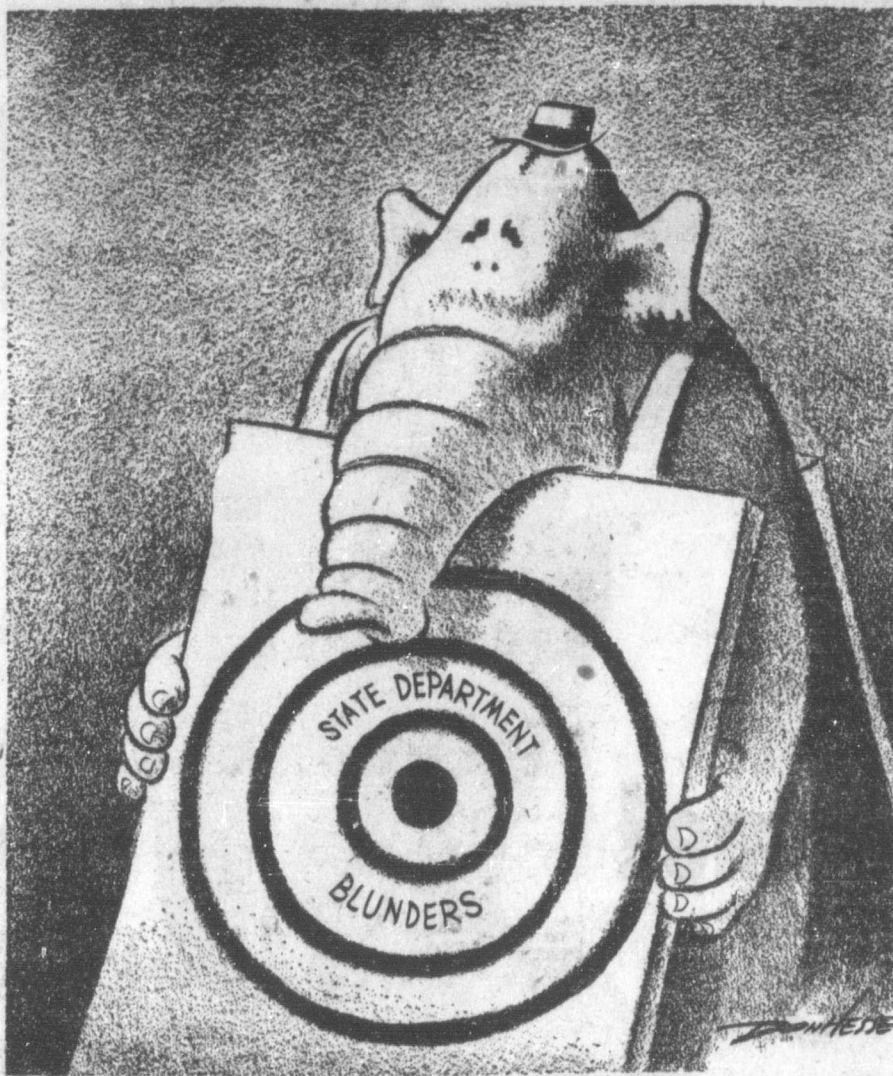

Sometimes you get so that you cast a cynical eye at the human race and then something comes up to bolster your confidence in it again.

The tale is several months old now. On Christmas morning, owners of a Britt drug store decided not to open up since it was a holiday and it came on Sunday. Instead, for their regular Sunday pap-

er customers they put the papers on a stand outside the door with a sign: "Merry Christmas. Today's paper is on the house."

When they came down to the store on Monday morning, the number usually purchased by the regular customers was gone and there were two papers left on the stand.

Risky Thing to Wear in a Shooting Gallery

THIS SIDE of The Sun

By Phat

We may know the big answer
Ere this day is done,
As to Ike and to Swaps—
Are they going to run?

This is February 29 and the day that President Eisenhower was expected to announce definitely whether he is a candidate for re-election. The word may be over on the front page now—but as this is being pecked out on the old Woodstock as of 11 a.m. Tuesday, I can't look ahead and will have to guess.

Also Rex Elsworth and Mish Tenney, owner and trainer of Swaps are expected to answer another big question today:

When, and if, Swaps is going to run.

Anyways, they're both champions and if they do go—I think they'll win.

TODAY IS FEBRUARY 29, 1888, for instance.

Pity the poor people who celebrate their birthday anniversaries today.

Think of the situation. A fellow born on February 29, 1888, for instance.

He will celebrate his anniversary for the 20th time today. Not old enough to vote. But his pals, born the day before or the day after, have been collecting social security for three years.

AUTO LICENSE poker disappeared with the change in plates on California cars. No more sitting on the curb and picking out poker hands in rotation as the cars crawl by.

But two new games have taken its place. Auto dice and a sort of word game.

The boys add up the three digits as the cars go by. That's their point. If they can make it before a car comes by with digits adding up to seven, they win. Also an 666, 011 or 012 costs them. And an initial seven or eleven pays.

THE WORD game is more difficult. You watch the letter side of the plates and the first one to complete a sentence wins.

Between Cucamonga and Glendora on the Foothill boulevard last Sunday I saw HER EYE ARE BLU AND SHE HAD—but then I was disqualified.

Terrible grammar, they said, for a man who ekes out his groceries clobbering a typewriter. But I still would like to know what little blue eye had.

THIS WEEK Coral Gables, Florida, honors a Village Winter resident—George K. Zain.

They are holding a celebration there on the tenth anniversary of their Miracle Mile, which they claim is the most beautiful street in the world.

And Mr. Zain is credited with the idea which solved its parking problems and here in Palm Springs, he beat the lawn problem by first installing grass-green cement instead. No fertilizing, watering or mowing. And no flies.

Hoping March comes in like a lamb tomorrow—and stays that way.

WASHINGTON—An atomic observer on President Eisenhower's announcement that the United States will make available one billion dollars worth of uranium for peaceful use:

"This will give the boys in the Kremlin something to think about. The Russians can't possibly hope to match this."

Library Notes

PEOPLE ARE VALUABLE ASSET

Aside from books, people are the most precious commodity of a library. Because of the infinite variations possible in the combination of people and ideas, engaging sidelines habitually crop up in the course of a normal day at the library. And the Welwood Murray Memorial Library in Palm Springs is the fortunate stockpile of the enthusiasms of its readers.

Among those who come frequently to the library is Lawrence B. Huntoon, whose excellence in his chosen hobby—carving—earned him first place in the Los Angeles Hobby Show several years ago. Those intricately carved saddles, the cowboy hats and boots the librarians so often wear are Huntoon's work and his gracious gift as well.

The saddles are copies of the famous Cogshell saddles of the Miles City Saddlery Company of Miles City, Montana. Huntoon is the kind of perfectionist who notes that the pins should be headed the other way, but "that would place the rope on the left hand side where it does not belong at all."

Although Huntoon was born in New Hampshire, he came west as a young man and worked for three years on a cattle ranch in North Dakota. Later he went to Montana which had the virtue of not being "settled up," and there he herded sheep, finally acquiring a small band of his own.

It was during these years, when time seemed to stretch on infinitely, that he started his carving. Now he says, "If I could live my life over again, I would try to learn the art right and learn it sooner. Despite his modesty, Mr. Huntoon's work is well known all over the country; and among his many pieces a cane, elaborately ornamented with cow brands, is in the Ford Museum at Dearborn, Michigan.

Of quite a different order is the sense of pleasure and excitement stimulated by the February 27th issue of TIME which, under the section on Religion, carries a review of John M. Osterreicher's THE BRIDGE, A YEAR

BOOK OF JUDAEAN-CHRISTIAN STUDIES. Pleasure and excitement arise from the fact that desert writers, Cornelia and Irving Sussman, are quoted with eminent personalities—the philosopher-poet, Maritain, and Hilary Duesberg and B. Christopher Butler, Benedictine monks.

This recognition is well deserved for, in addition to Mrs. Sussman's fiction (THE GROWING ROOTS; TEACH THE ANGRY SPIRIT; AND THE TREASURES OF DARKNESS, all published under the name of Cornelia Jesse) and Mr. Sussman's painting and teaching, this charming husband-and-wife team merit distinction for their deep and earnest study of artistic and religious thought, and for the originality of their approach to these controversial time-worn subjects.

"Marc Chagall, Painter of the Crucified" (jointly authored by the Sussmans) is a brilliant example of their ability to explain and evaluate meaning in the work of a contemporary artist; and at the same time to correlate this work with the flow of ideas that extends to the past and reaches into the future. The article appearing over Mrs. Sussman's name, a review of MY DEAR TIMOTHY by Victor Gollancz, is a further expression of her ability to appraise and, by applying a sharp knife, to extract the meat of the matter.

The Palm Springs area is fortunate in attracting vigorous and forward-thinking people of this calibre and both of them are well known for their contributions to the community as well as to the intellectual world of which they are so vital a part. Mr. Sussman's ability to arouse and enthrall the imaginations of his students is well attested, but perhaps nowhere so vocally as in the library; for here these young minds pursue the ideas he has helped to foster and sustain.

Both THE BRIDGE and MY DEAR TIMOTHY, as well as all of Cornelia Jesse's novels, are available at the library. And for those who would like to see more of Marc Chagall's painting, prints are available in the art section.

NEW YORK — Two of Arthur Godfrey's ex-hirelings (now his firelings) — Marion Marlowe and Julius La Rosa — now earn around \$14,000 a week in N. Y. night clubs which shows how smart it is to get fired once in a while.

Miss Marlowe, 20 pounds slimmer, opened big at the Copacabana, while La Rosa made his B-way debut at the Latin Quarter along with Jerry Lester — a big TV star before La Rosa was ever heard of even in Brooklyn. Lester — who lives in Miami and just works occasionally so he doesn't have to touch his principal — is a hilarious guy still . . . and ripe for a return to TV.

Miss Marlowe's stunning figure ("no St. Louis apple pie, no spaghetti, just starvation") and her red hot material caused the boys to whistle, after which she sang this:

The higher my check."

ROBERT S. ALLEN:

Atomic Plane Shelled

WASHINGTON — Defense Secretary Wilson has shelved a "highest priority" research project in the effort to develop an atomic plane.

That's the latest bombshell exploded by Trevor Gardner, who resigned as Assistant Air Force Secretary in charge of research because of objections to restrictions on the guided missiles and planes programs.

The top priority research project discarded by Wilson offered the possibility of appreciably cutting the time in achieving a nuclear plane.

So far, upwards of \$200,000,000 has been spent by the Air Force and Atomic Energy Commission in this tremendous undertaking. They are seeking an equal amount for this purpose in the new budget. But, according to Gardner, lack of funds forced abandonment of the highly promising research project.

He hurled this new sensational accusation at a private meeting with leaders of the Joint Atomic Committee.

Gardner told them the scuttled research project was strongly favored by all top Air Force authorities, including Charles Lindbergh, a regular consultant of the service.

The project was described to the Joint Committee as a power reactor "with a new approach from any being explored in other research activities."

"This is unbelievable," exclaimed Senator Henry Jackson (D-Wash), militant critic of the Administration's air and research policies. "Why would such a vital project be junked?"

State Court Rejects Appeal on Redistricting

City of Palm Springs yesterday won another round in the redistricting battle.

City Attorney Jerry Bunker received word that the State Supreme Court refused to hear a petition filed by Attorney Leonard Bock, representing Herbert Hass, to have the April 10 councilmanic election halted, and has referred the case back to the Fourth Appellate Court.

This court of appeals had earlier denied the issuance of a similar writ of mandamus sought by Bock, and another denial is expected to be a mere formality.

Only one avenue is now left to Hass and Bock in the redistricting fight which has lasted several years. This is to appeal to the Supreme Court a decision by Superior and Appellate Courts that the three-fourths requirement in a redistricting election held by the city was not unconstitutional. This will be done March 8, Bock said.

Bock has maintained that as the election was passed by a simple majority, the redistricting ordinance should have been adopted by city council.

Bunker has argued that this would be a fraud upon the voters, and has been supported in his contention by all court decisions to date.

Two Youths Tie for Yo-Yo Honor

David Fox and Roger Burton tied for first with 65 points each in the finals of the annual Yo-Yo contest and each will receive a trophy.

Paul Duncan, son of Donald Duncan, sponsor of the state-wide event, was third and Don Ureta, fourth.

More than 50 boys participated in the contest which was sponsored by the city recreation department and the Youth Center.

Moorten Wins Seven Awards

Chester Moorten of Palm Springs won four firsts, one second and two thirds in the Minerals and Mining division of the Riverside County Fair and National Date Festival at Indio, it was reported this week.

Moorten won firsts in iron, lead, tungsten and other metallic ores, a second in gold milling ore, and thirds in placer gold and copper ores.

Motorama Fashions Feature Dream Car Sports Ensembles

Spectator sports ensembles by five outstanding designers, whose influence is trend-setting in the fashion world, will highlight the tenebrous "Key to the Future" stage show which will be presented six times daily at General Motors Motorama of 1956 which opens at the Pan-Pacific on Saturday, March 3.

The ensembles are keyed to the "tomorrow look" of General Motors' new experimental "dream cars," and each costume harmonizes in color and line with the car which inspired it.

The famous five, Christian Dior of Paris; Emilio di Capri; Digby Morton of London; Monte-Sano of New York; and Pat Premo of Los Angeles have created dramatically beautiful costumes inspired by the "dream cars" which were designed under the direction of Harley J. Earl, vice president in charge of styling at General Motors.

The designers and the dream cars their creations accompany are:

Digby Morton—For the Chevrolet Impala, a two-door, five passenger sports sedan of blue fibre glass and stainless steel, Mr. Morton chose a vividly striped silk, in tones of blue, silver, emerald green and black to fashion a hooded tunic with wide, flowing lines to be worn over a slim skirt or tapered slacks. The tunic is an authentic adaptation of a traditional garment worn by Moroccan men.

Emilio—Pontiac's Club de Mer—The Cerulean Blue of this low, two passenger sports car is reminiscent of Italy's skies and brilliant blossoms and this designer fashioned a casual costume of slim slacks and a turtle neck pullover blouse in wool jersey, artfully combining two glowing colors—violet blue and Capri Coral. A rakish motor coat of black felt adds a staccato note.

Pat Premo—Oldsmobile's Golden Rocket—For this two-passenger sports coupe with its gleaming gold-colored fibre glass body, Miss Premo chose primary colors for a glowing sports ensemble of brilliant red and sun-warmed yellow linen. As outstanding a style innovation as the car it accompanies, it consists of a slender sheath dress covered by a dash-

Fiesta Mood at Sunday's Gay Brunch

El Mirador Room was filled again Sunday afternoon for the Sunday Brunch, which continues to increase in popularity. Western decorations, including silver-mounted saddles and serapes were used to lend an air of informality to the beautiful room.

Beautiful Tani Marsh, who was such a favorite in the South Pacific Room last season, danced while Tex sang island songs. Frank Bogert beat the drum for the Tahitian dance, done by Otto and Audrey Allgower.

Don Martine sang and entertained with well-executed card and rope tricks. Roberta Linn, who is staying at El Mirador this week while she fulfills a Chi Chi engagement, sang a couple of songs.

Among the many guests at the Brunch was a celebrity who was especially introduced... George Mardikian, owner of the Omar Khayyam restaurant in San Francisco.

The Easter Sunday Brunch is expected to break all records as Joan McManus is staging an Easter Hat parade that day, with prizes for the most spectacular hats.

TODAY'S SPORT PARADE

By OSCAR FRALEY
United Press Sports Writer
Reg. U.S. Patent Office

NEW YORK (AP)—Ted Williams, although he will be 38 in August, still rates today as the toughest man in baseball when it comes to swinging a bat.

Certainly the pitchers think he is, because the Boston thin man led the American League in intentional walks last season with 17 in only 98 games. Batting champion Al Kaline of Detroit and Chicago's Sherman Lollar tied for second with 12, according to the new American League Red Book.

Williams also matched Mickey Mantle's feat, that of hitting a home run in every park.

SPEAKING OF HITTERS, the best man in a pinch was veteran Elmer Valo of Kansas City. He had a brilliant pinch hitting mark of .345 as he appeared in 40 games in that manner.

The three poorest drawing road teams in order was Baltimore, Kansas City and Washington — and Washington still drew practically twice as much abroad as it did in the capital. The A's, even led the league in winning one-run games, taking 30 of 45 of those affairs which wind up as close as possible barring a tie. This undoubtedly is meant to disprove the old adage that "the team which wins the close ones wins the pennant."

Last year was the first in American League history in which there was no 20-game winner among the pitchers. The closest previous year to a shutout was 1947 when Bob Feller was the only 20-game winner. And in 1907 and 1920 the league had 10 each year.

The hard luck guy of the year, who well might have won 20 with a few runs, was Chicago's Billy Pierce. He must be delighted that they obtained power hitter Larry Doby in an off-season trade because last year, when he had a 15-10 mark, he dropped six one run games.

Bruins Setting Scoring Record

LOS ANGELES (AP)—UCLA is racing toward the Pacific Coast Conference basketball championship at a record scoring pace, statistics from the PCC commissioner's office showed today.

The Bruins, paced by their mighty one-two punch of center Willie Naulls and guard Morris Taft, are undefeated in 12 conference games. They have averaged 81.4 points a game to date, far above the old PCC team mark of 75.1 points set by UCLA two years ago.

Naulls leads individual scorers with 272 points in 13 games for a 22.7 point game average. Taft is second with 248 points and a 20.7 average. Others with more than 200 points are Larry Beck, Washington State, 245; Dave Gambee, Oregon State, 234; and Bill Bond, Stanford, 224.

UCLA set a new game scoring record last weekend when it scored 108 points against Oregon. Oregon's total of 89 was the highest ever made by a losing team in PCC play and the combined total of 197 points was another record.

Three More on Star Contracts

HOLLYWOOD (AP)—Three more Hollywood star players have signed 1956 contracts, boosting to 12 the numbers of players inked for the coming season.

Latest contract signers were first baseman Dutch Van Buren, who hit .274 with Waco last year; second baseman Bill Mazerowski, who batted .203 with Williamsport in the Eastern League in 1955; and catcher Bill Onuska, who had a .294 average with Williamsport last season.

Dons Cinch Spot in Coast Hoop Finals

San Francisco U. Also Established As Favorite Five

By JOHN GRIFFIN
United Press Sports Writer

To the surprise of absolutely no one, San Francisco today became an official entry in the NCAA basketball tournament and also the immediate favorite to pick up all the marbles.

The streaking Dons, who won the tourney last year, made themselves eligible for a title defense Tuesday night when they crushed College of Pacific, 87-49, at San Francisco for their 48th straight over-all victory.

That moves the Dons into the NCAA regionals at Corvallis, Ore., with a March 16 date against the Pacific Coast Conference champion — not yet determined but, probably, UCLA.

The Dons, rated the nation's No. 1 team by the United Press Board of Coaches with a perfect 22-0 record for the year, are the 11th team to land a berth in the 25-team NCAA carnival. If they win their three remaining regular season games, and then sweep through four more games to win the tournament title for the second straight year, they will equal the all-time all-college record of 55 straight wins held by Peru, Ill. State and also will become the third team in history to win the NCAA crown two straight years — following Oklahoma A&M 1945-46 and Kentucky 1948-49.

Indian Aquatic Squad Sweeps Chaffey Contest

By JOHN SIMON

All three divisions of Coach Wayland Reynold's Palm Springs swim team won yesterday from Chaffey in the first dual swim meet of the season.

The Indians compete in the Citrus Belt league because most of the R.C.L. schools do not have swim teams.

In the A division the Palm Springs tankmen defeated the Chaffey Varsity, taking seven first places.

The Palm Springs B's earned a 44-29 victory over the Chaffey lightweights.

The Indian C's, however, had a tough time disposing of the visiting Chaffey squad, eking out a 22-19 win.

13 as of Today

MESA, Ariz. (AP)—John Leonard Pepper Martin, baseball's famed "wild boss of the oase," today celebrated his 13th birthday anniversary.

The former star of the St. Louis Cardinal "Gas House Gang," now coaching with the Chicago Cubs, was born Feb. 20, 1904, a leap year, at Tempe, Okla.

Martin, at 52, has as much of the stuff which gave him his nickname as any rookie in camp.

25 Majors Still Holding Out on Day of Decision

By UNITED PRESS

This is Leap Year Day—an extra "last chance" the big league baseball players get this year to sign their contracts before being officially classified as holdouts.

Twenty-five players, including such stars as World Series ace Whitey Ford of the Yankees, former batting champion Bobby Avila of the Cleveland Indians, and all-star shortstop Harvey Kuenn of the Detroit Tigers were among the unsigned going into the final hours before tonight's midnight deadline marked the official opening of Spring training.

The Yankees and the Phillies have the most problems—five unsigned players each.

Here's a rundown of the almost-holdout situation by teams:
Brooklyn — Shortstop Chicago Fernandez.
Chicago Cubs — Pitcher John Andre.

Milwaukee — Infielders George Crowe and Jack Djittmer, outfielder Wes Covington.
Philadelphia — Pitchers Curt Simmons, Bob Miller and Ron Mrozinski, catcher Gus Niarhos, infielder Roy Smalley.

Pittsburgh—Outfielder Bob Clemente.
Baltimore — Outfielder Dave Philley.

Boston — First baseman Norm Zaichin.
Washington — Catcher Clint Courtney, infielder Tony Roig, outfielder Roy Sievers.

Cleveland — Infielder Bobby Avila, outfielder Gene Woodling.
Detroit — First baseman Earl Torgeson, shortstop Harvey Kuenn.

New York Yankees — Pitchers Whitey Ford, Jim Konstanty, and Tom Moran, infielder Billy Martin, outfielder Irv Noren.

Teams all signed — Cincinnati, St. Louis, Kansas City, New York Giants, Chicago White Sox.

While front-office work overtime today to corral some of these unhappy warriors, managers and coaches are winding up affairs at the rookie camps operated by each team. That means it's "graduation day" for some of the more talented youngsters who are being asked to stick around for drills with the varsity. Most teams, like the Tigers, were holding over about six players.

Eliminate Braves in First Game of Play-Off Series

By DAVID FISHER

Palm Springs most successful basketball season came to an abrupt end last night when Coach Ralph Watt's League champions were trampled by Citrus 71-53 in the packed local gym.

The Tri-County league second place squad from Azusa lived up to all their advance notices and then some, as they used a combination of sensational rebounding and all-C.I.F. guard Bill Kilmer to hand the Indians their first drubbing after 13 straight wins.

A crowd of almost 1000 was on hand to witness the mass massacre of the local Indians. The Redmen's leading scalp getter, lengthy Charles Jordan, was bottled up beautifully by the visiting Cougars and though scoring 23 points, was weak when it came to grabbing rebounds.

THE DEATH of Watt's wonders was the pin point jump shooting of the amazing Kilmer. He hit for 37 points and to make matters worse was a whiz on defense.

Playing one of his best games of the season for Palm Springs was Sam Jones. The Junior forward pushed in 11 markers and along with O. B. Crawford led most of the Indians rebounding.

The first period was all Kilmer, Jones, and some excellent foul shooting by Mickey Pellum. After trailing in the opening moments of the contest, two charity throws by Pellum knotted the score at 16-16. Three minutes and several Kilmer jump shots later the Indians were behind 22-19.

PALM SPRINGS fared no better in the second quarter and trailed 41-30 at half time. The local boys were unable to get either rebounds or points and to add to their worries were confronted with a full court Citrus press.

After the intermission the Braves were never in the game. A ray of hope came through to the Palm Springs fans in the third period when Jordan made his first and only tip in of the game. The Cougar center, Bob Deering, quickly corralled the Local's big gun and held him to one field goal for the remainder of the game.

BETWEEN HALVES

the Palm Springs captain, Charles Jordan, was presented with the Riverside County League championship trophy for 1956. Also before the second half got under way, the high school drill team went through a very entertaining routine.

On Friday night Citrus will go into the second round of the C.I.F. play offs, meeting the Imperial League titlist, Brawley. Also on Friday San Jacinto, second place team in the R.C.L. who knocked off Big Bear yesterday, will face the Tri-County champs, Puente.

(11) Jones F. Hunter (8)

Village Youths Take Honors in Junior Hoop Tournament

Palm Springs entries in the all-day Junior Basketball tournament at Coachella Valley Union High School last Saturday did all right by themselves, Howard Haddock, city recreation director, reported this week.

The teams were chosen from the weekly Junior Basketball clinic held each Saturday, co-sponsored by the city recreation department and the Boys' Club, at the high school gymnasium.

George Scholl coached the boys with Ralph Watt as head instructor. Scholl and Haddock took the teams to Coachella.

In the B division, Palm Springs defeated 29 Palms 36-19 with Frank Ripley and Bruce Kaplan scoring 10 points each.

In the B Division finals, Palm Springs won over Our Lady of Perpetual Help school team 19 to 14.

Kaplan paced the local team again.

In the A division, Bill Ivy paced the local team to a 39-19 win over 29 Palms.

In the A division finals, Banning won over the Palm Springs squad, 34 to 24.

Ivy, L. C. Wash and David Fox were named to the All-Tournament team after the matches.

In the B division, players receiving trophies were Gomez, Minnelio, Ripley, Duran, Kaplan, Parker, Payne, and Arnsburg. The Boys' Club was awarded the Winners' Trophy.

'Cheap' Farm Bill Tactics Denounced

Senator Ellender Raps Administration Fight On Crop Props

By UNITED PRESS
Chairman Allen J. Ellender of the Senate Agriculture Committee today accused the administration of fighting proposed return to rigid farm price props with "cheap tactics."

Ellender made the charge as the Senate continued debating the omnibus farm aid bill. The big bill includes a "soil bank" and rigid price supports at 90 per cent of parity for corn, cotton, peanuts and millable wheat.

The Louisiana Democrat aimed his attack at administration offers to compromise on cotton acreage allotments and its announcement that federal cotton surpluses will be offered for sale abroad at market prices.

No end to the farm bill debate was in sight. An effort to limit debate and set March 7 for preliminary voting failed Tuesday.

Other congressional news:
LOBBYING: The blue-ribbon Senate committee investigating the activities of oil lobbyist John M. Neff dug into new conflicting testimony. The committee summoned Republican National Committee member Robert K. Goodwin of Iowa who said Neff offered him a \$2,500 campaign contribution. Neff denied it.

At the same time, another special Senate committee set up to make a broader lobbying investigation scheduled an organization meeting.

ELECTIONS: Senate Democratic Leader Lyndon Johnson introduced a bipartisan election reform bill setting "realistic" ceilings on campaign spending in federal elections.

The bill would limit national political committees to spending 20 cents for each vote cast in the biggest of the last three presidential elections. Senate Republican Leader William F. Knowland co-sponsored the bill.

UPPER COLORADO: The House debated the much-disputed Colorado River storage project for the second day. The bill would provide water for a vast part of the Rocky Mountain area. Voting may begin Thursday. A close vote was expected.

HIGHWAYS: Republicans moved to shift part of the cost of building a new national highway program from motorists to truckers. And the Republicans appeared to have enough Democratic support to win approval of the proposal in the House Ways & Means Committee.

A Democratic plan already tentatively approved would levy increased highway use taxes across on motorists and truckers alike.

PENSIONS: Amvets and the Disabled American Veterans attacked general veteran pension bills sponsored by the American Legion and Veterans of Foreign Wars.

Amvets and the DAV strongly opposed the large pension bills in statements before the House Veterans Committee. Amvets called the bills "preposterous."

Open Auto Door Causes Collision

Police investigated a minor traffic collision in front of the Safeway store on Indian Avenue yesterday. Damage to the left door of a car driven by Everell Kludt of Palm Springs was caused when she opened the door and it was struck by a car driven by Walter Byron DeNure of Desert Hot Springs, according to investigating officers.

Wreck Engineer Said to Have 'Run' Two Signals

SWAMPSCOTT, Mass. (U.P.)—Investigators said today a railroad engineer who died with 12 others in the wreckage of two Boston & Maine commuter trains was responsible for the smashup.

Six persons were injured when the Silver Budd Highliner smashed into the rear of a nine car diesel passenger train in a blinding snowstorm.

A B&M investigating board said the Budd Highliner engineer, Ernest Toutellotte, 55, of Winchester, raced his train past two signal lights and a frantically-waving flagman moments before crashing into the halted diesel.

They termed it a "human failure."

"The aluminum-sheathed Highliner's first car split apart, the twisted metal shrieking under the impact as it upended two rear coaches. The two trains were jammed with about 1,000 passengers."

Officials, who called it the worst wreck in 38 years in New England, said the engineer had violated a railroad operating rule in running past the signal lights. Both were operating, a spokesman said, but were obscured by the blinding snow.

A dual investigation was ordered immediately by members of the Interstate Commerce Commission and the Massachusetts Department of Public Utilities. The date was tentatively set for March 6.

30 to Attend School Band Fete

Thirty Palm Springs High School musicians tomorrow will attend the Riverside County Band Festival at Coachella High school, and on Friday at San Jacinto High school.

The different band members from throughout the county will enter into a workshop during the day, and in the evening from the group will be selected the 160-piece Riverside County Honor Concert Band to present a concert.

Guest conductor this year will be Russell Howland of Fresno State College.

The public is invited to attend the concert, which starts at 8 p.m.

U.S. Envoy Flies to Shore Up Asian Goodwill

LONDON (U.P.)—Foreign Secretary Selwyn Lloyd took off today on a two-week peacemaking tour of Asia and the Middle East, recently blanketed by the Russians with offerings of guns, butter and propaganda.

Lloyd's specific goal is Karachi, where a meeting of the "Asiatic Pact" council opens Tuesday, but he plans to make half a dozen stops on the way there and back to confer with local leaders.

He hopes especially to smooth over relations between Britain and India, embittered by Russia's persistent wooing of nationalist Premier Jawaharlal Nehru.

GRANDMA SAYS:
A teacher in an Oklahoma school one day remarked, "I wonder if any of you children have some Indian blood." "I have, teacher," replied Tommy. "That's quite interesting," observed the teacher. "What tribe?" "Well, I don't think it was exactly a tribe," said Tommy. "Grammar says he was just a wandering Indian riding a wonderful white horse!"

House Group Votes to Halve Night Club Tax

WASHINGTON (U.P.)—A proposed reduction in the tax on nightclubbing has been tentatively approved by a House Ways and Means subcommittee, it was learned today.

Informants said the subcommittee by a split vote yesterday approved cutting the 20 per cent cabaret tax to 10 per cent. The tax is levied on food and drink consumed at places where entertainment or dancing is provided.

The secret action was taken as the subcommittee worked on legislation calling for numerous revisions in excise tax law. Announcement of all tentative decisions was withheld pending final subcommittee action on the legislation.

The proposed cut in the cabaret tax would result in a loss of an estimated \$20 million a year in revenue. It faces tough sledding in the full House Ways and Means Committee, if included in the subcommittee's final report.

The subcommittee, headed by Rep. Aime J. Forand (R-RI), was set up to study and recommend changes in excise tax law.

In addition to the cabaret tax reduction, informants said the subcommittee tentatively approved new excise taxes of 10 per cent on electronic transistors, and 5 per cent on gas-operated

Judge Gabbert Seeks Reelection

Judge John G. Gabbert, Superior Court Judge of Department 3 in Riverside, today filed his intention of entering the June primary as a candidate for reelection to that office, which he has held since his appointment in 1949 by Governor Earl Warren, now Chief Justice of the United States.

In filing, Judge Gabbert said: "The people of Riverside County have been very good to me through the years I have been in the office of Superior Court Judge and I greatly appreciate the confidence they have shown in electing me to the office following my original appointment by Governor Warren."

garbage disposal units. Hotel owners and musicians have sought outright repeal of the cabaret tax. They contend it has caused unemployment among musicians and entertainers by forcing hotel dining rooms to stop offering entertainment to patrons.

Serve it plain! Serve it fancy! Carnation Cherry Vanilla Ice Cream is simply wonderful any way you enjoy it. Carnation uses only the finest maraschino cherries...carefully selected from 12 prize-winning varieties. These plump, juicy beauties are carefully blended all through smooth, creamy-rich Carnation Vanilla Ice Cream.

Do try this wonderful Treat-of-the-Month while it lasts. I know you'll agree with me—once you taste this Cherry Vanilla—that only Carnation could make it so good!

Yes, here's one kind of nourishment children really enjoy. Yet, a little more than a cup of pure, pasteurized Carnation Ice Cream gives them as much calcium, phosphorus and protein as a whole glassful of milk.

You know, although I love Carnation Cherry Vanilla just "as is," I like to serve it in special ways, too. Here's my newest idea for a luscious party dessert.

Cherry Flake Pie
(Makes 8" single crust pie)
2 tablespoons butter
1/4 pound (about 16 medium) diced marshmallows
1/4 teaspoon vanilla
4 cups finely crushed corn flakes
1 quart CARNATION CHERRY VANILLA ICE CREAM

Heat butter, marshmallows, and vanilla in upper part of double boiler over hot water (or in saucepan over low heat) until marshmallows melt. Stir frequently. Place crushed corn flakes in buttered bowl; pour marshmallow mixture over corn flakes. Stir. Place mixture in buttered 8-inch pie plate; press around sides and bottom of pie plate with buttered spoon. Cool. Just before serving, fill with Carnation Cherry Vanilla Ice Cream. Slice for serving.
